There will be a walk through to establish baseline background readings in both venues on Tuesday, August 20, 2019. Deputies are needed to support the event and a radio channel will be needed for JCSO personnel. Ops will be on J-ESU1

**Critique:**

Roll call was moved up do to changes in the Ops Plan by US Secret Service Uniformed division who setup Magnetometers. We were assigned to two different Joint Hazard Assessment Teams (JHAT)s, I was JHAT 2 Leader with Sgt. Kepple and two LMPD and two 41st CST members. Sgt Hammond, Watson and Dep. DeYoung were assigned to JHAT 3. JHAT 2 was assigned to sweep and clear the Galt House venue and JHAT 3 were sent to the Seelbach for the detail. All personnel supported the US Secret Service with securing the facilities for President Trump's visit. Senior Special Agent Rick Nord thanked us all for the assistance we provided his team and many of the SA's spoke with us about our capabilities and how well we all worked together. We secured after being debriefed at our Forward Operating Base at the purple lot. No issues were encountered during the event and vehicles were fueled and returned.

When event is over, this form must be completed by the on-duty OIC providing a detailed account of both positive or negative opinions about our involvement. It should also include recommendations, if any, about how we should handle it the next time or if we should be involved at all. The report should be accurate and sent through the chain of command to the Sheriff. Attach the roster and other supporting documentation.
